## ROCKCOTE FUNGICIDAL WASH

<b>Effective From</b>	01 Oct, 2019
-----------------------	--------------

### Application

- Apply ROCKCOTE Fungicidal Wash by brush, swab or spray over entire area to be coated.
- For external use we recommend using the product as is.
- For internal use we recommend using the product diluted 1 part Fungicidal Wash to 1 part water.
- Allow the treatment to remain on the surface for not less than 24 hours.
- After that time, again remove all debris (dead growth, loose spores etc) by washing or if possible with high pressure water jet.
- If cycle is interrupted by rain, allow to dry and then do the following.
- Dilute ROCKCOTE Fungicidal Wash with 1.5 times its volume of clean water (eg to 1 litre Fungicidal Wash add 1.5 litres water).
- Apply the diluted wash to the entire area to be coated and allow to dry.
- Leave for 24 hours.
- Coat the surface (before the next rain) with the selected ROCKCOTE system.

### Precautions and Limitations

- Refer ROCKCOTE Fungicidal Wash SDS.

### Transport and Storage

- Store in a cool dark place.
- Keep pail sealed.
- Do not stack over 2 high.

### Disposal

- Dispose of in accordance with local council regulations

### Safety Data

Refer ROCKCOTE Fungicidal Wash SDS. Wear suitable PPE including protective gloves, protective clothing, goggles/face shield, and hood/helmet.
